Evacuate Trieste Under Orders of Austrian Command

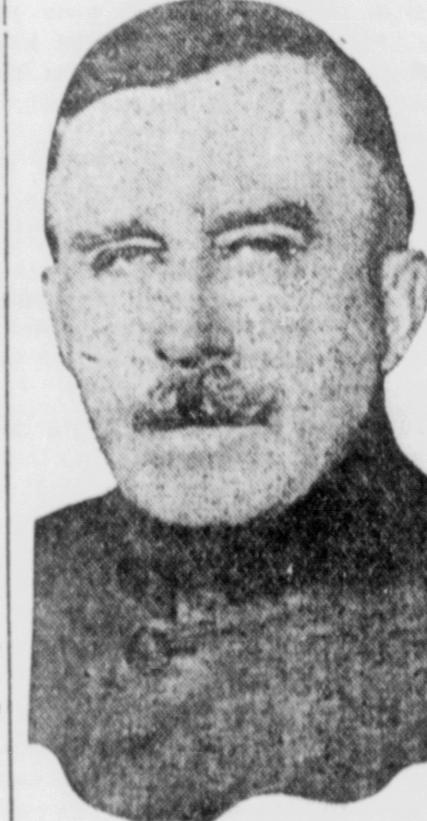

(By United Press)

Washington, Aug. 28—Trieste is being evacuated and the civil population is deserting the city on the order of high Austrian command according to a Zurich correspondent to the *Corriere D'Italia* and cabled the Italian embassy here. Most of the civilians left yesterday seeking the interior of Austria.

The Austrian troops are so far ahead of the Italian troops retreating that no trace of them can be found except stacks of abandoned ammunition, guns and food. From Monte Santo many square miles can be raked by the Italian artillery and no Austrian positions in this zone can stand out against them for more than a few hours.

Monte Gabriel and Monte Daniel are still held by the Austrians but these places are isolated so that no food or ammunition can reach them. The Austrian newspapers admit the precarious position of their troops.

Reestablish Death Penalty Says Korniloff

(By United Press)

Moscow, Aug. 28—(delayed)—Unless the Russian army is regenerated and resists, the road from Riga to Petrograd is open to the enemy, is the declaration of Gen. Korniloff in a vigorous demand to the Russian conference for the iron hand of discipline and urges the reestablishment of the death penalty, stating that the alternative is defeat.

KOOCHICHING COUNTY FIRST CIVIL CASE

Jury Chosen in which Shopmen Predominate, Case of County vs George A. Elder and Others

\$765,000 Bond Issue it Appears has \$400,000 Liens Against U. S. Government Lands

In the jury chosen Monday afternoon to try the first of the civil cases of Koochiching county on change of venue in Crow Wing county, Northern Pacific railway shopmen predominate. There are five shopmen, four farmers. The jury which last week tried George A. Elder had eight farmers.

Here is the New Jury:

- ♦ Douglas Armstrong, South Long lake, farmer.
- ♦ P. H. Olson, Brainerd, railroad way shopman.
- ♦ August Carlson, Klondyke, farmer.
- ♦ Aaron Johnson, Brainerd, foreman of Mahlum Lumber Co., planing mill.
- ♦ F. M. Chase, Klondyke, farmer.
- ♦ William Murray, Nisswa merchant.
- ♦ John Bakkali, Brainerd, shop man.
- ♦ Andrew Olson, Brainerd, shop man.
- ♦ Frank Crapo, Klondyke, farmer.
- ♦ Vincent Holmes, Klondyke, employed at Rowe Mine, River-ton.
- ♦ Anton Link, Brainerd, shop man.
- ♦ Ole Stene, Brainerd, carpenter Northern Pacific shops.

The objection will be argued between 9 and 10 o'clock Tuesday morning. The testimony of Gjesdahl was taken subject to this motion so he could go home Monday night. Gjesdahl's testimony on cross examination showed that the \$765,000 bond issue \$400,000 appears as liens against United States government lands and about twenty-five percent on state land and that the state owes the county of Koochiching principal and interest one million dollars and is in default several years on all drainage proceedings in Koochiching county.

At the Tuesday morning session of the Koochiching county civil case, L. H. Slocum, former county auditor was on the stand and identified commissioners' records and resolutions, one being a bid for bonds as made by the Commercial Investment Co. of Duluth.

F. J. McPartlin, attorney for the defense, objected to the introduction of the evidence as not following in regular sequence.

Between 9 and 10 the motion of Mr. McPartlin objecting against the admission of any evidence under the complaint and statement was made and it was decided against the defense by Judge W. S. McClenahan. The afternoon session Tuesday was a short one, an adjournment being taken to 9 o'clock Wednesday morning shortly after court opened. It is understood an effort is being made to arrive at a settlement of the case out of court.

Went to France with Gen. Pershing and are Returned

(By United Press)

Washington, Aug. 28—Between 25 and 40 men who sought service in France with Gen. Pershing's forces have been returned to this country because of fraudulent enlistment or other disqualifications which the men failed to mention in their enlistment blanks. Fourteen cases of mumps developed on the homeward voyage, the war department announced.

Washington, Aug. 28—The senate has stricken the provision to increase letter postage from 2 to 3 cents from the war revenue bill by vote of that body.

Italy's Sweep Swift Defeat for Austrians

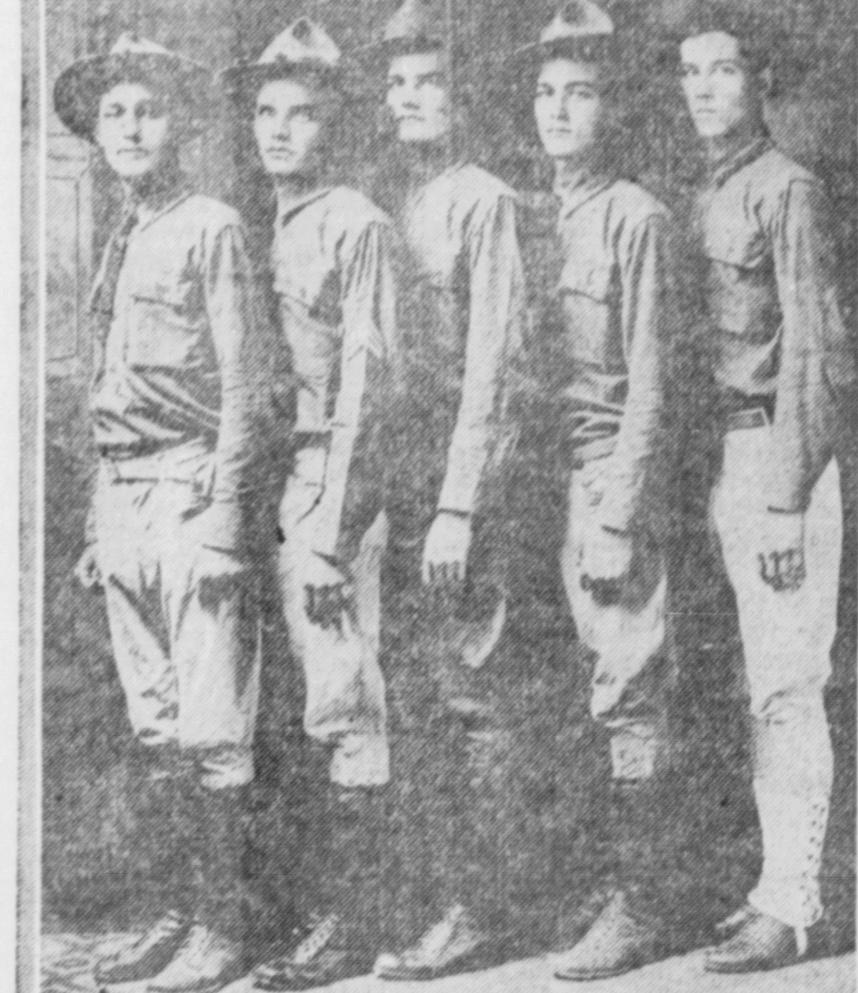

(By United Press)

London, August 28—Italy's rush onward from Monte Sano across the plateau at Banazza is fast becoming a sweeping defeat for Austria, their staff being forced to retirement at several places to save whole divisions from the flanking moves and their morale is steadily decreasing. New troops rushed to check the advance of the Italians has failed.

Swiss dispatches claim that Austria is seething with discontent, the victories of their enemies causing wide-spread alarm. The people realize as certain now that the pope's plea for peace is doomed to failure.

NAVY AND ARMY

GUARD OUR BOYS

Secretary Daniels Determined to Abolish Temptations.

NEWPORT AS AN EXAMPLE

One of the Greatest Responsibilities Resting on the Government Is to Return Young Men to Their Homes Un-sullied—We Are Proud of the Moral Standard of Our Men.

The following signed article by the secretary of the navy is furnished by the publicity bureau of the Y. M. C. A. war work council:

By JOSEPHUS DANIELS,
Secretary of the Navy.

Of all the sacrifices that have been made, that are being made or that will be made for our country in this war, there is no sacrifice so heroic, so unselfish, so terrible, as the sacrifice of the mother who sends her son, in his strong, clean young manhood, from the protecting influence of his home, with no one near to guide or advise him save his military superiors. No man can fully realize what this sacrifice means. Only a mother's heart can understand.

Of all the responsibilities, in these hours of heavy responsibilities, that are laid upon the civilian heads of the army and the navy, there is, after all, no responsibility more weighty, more solemn, more fraught with terrible results if evaded, than this responsibility of acting in a mother's place toward these splendid youths on whom the nation rests its hope of existence.

The young sailor or soldier of today will form no small part of the nation's very lifeline in the times of peace following. To consider now their moral as well as their physical well being is not the narrow view; it is the broad view, the big, farsighted view of things. I have no patience with those who sneer at any attempt to keep our young men as sound in mind as they are in body, to send them back as worthy to become the leaders of the nation in times of peace as if they had not had the horrible experience of war, because there is no view so utterly one-sided, so utterly unmilitary in the big, broad sense of the word, so ostrich-like, so entirely opportunistic, petty and contemptible, as the attitude which considers these boys as so much "cannon fodder," to be drilled with gun and bayonet, to be taught to obey military commands and then through neglect of their moral well being to be thrown back upon their country after the war debased in morals, broken in health, like so many squeezed oranges, a potato in our body politic, instead of a strong, invigorating new life. That is the policy which those who are arguing that we should ignore matters of morality will have us seriously consider.

Changes made in the office of John Larson, the coal man, include new desk and other fixtures and an extension of the office giving much more room. Glass windows are to be placed on two sides facing the store room. Altogether the improvements will make it a most modern kind of an office.

For Rent—8 room house, Mill district, well, \$12.50, or for sale for \$15 a month. Nettleton. 7113

The Fatty Woods ukelele orchestra left this afternoon to play at the Red Cross country fair at the Cornison farm near Deerwood afternoon and evening. The big events will be the baby buggy parade at 4 o'clock, the program of sports, the attractions in the fair, country store, barge dance in the evening, safetaria, etc. 672 plates were sent down today to the fair as a big crowd is expected. The Cornelison farm is just out of Deerwood on the Deerwood-Crosby road. Many from Brainerd will make the trip by automobile.

For a first class job of Oxy-Acetylene welding go to Herbert Peterson at the Woodhead Motor Co. garage.

All boys think they will be richer than their fathers, and all girls think they can keep house better than their mothers. They continue to think this until they are fathers and mothers themselves.

When I first took up this matter with the state authorities it was referred to the Newport officials for a report. The reply was one of mild wonder at my questions and a frank and ingenuous admission that it was true that there were gambling resorts and houses of ill fame, easily accessible to any youth with money in his pocket, but that on the whole conditions were very satisfactory.

There are today many small towns and cities far more dangerous to the morals of the youths who live therein than is Newport. And as at Newport, so will it be everywhere our enlisted youths are stationed if it lies in the power of this great government of ours to make it so.

What I am doing in respect to the navy is the secretary of war is doing with equal vigor as regards the army.

WOMAN'S REALM

PROCEEDS WILL GO TO LOCAL CHAPTER

To Purchase Materials for Knitting Committee in Filling Order for Socks, Sweaters, Etc.

\$900.00 WILL BE NEEDED

So Contribute Liberally When the Pretty Young Ladies Ask for a Donation

(Contributed)

The proceeds received at the program Wednesday evening will go to the Knitting committee of our own local chapter of the Red Cross. The cost of the materials needed to supply the large order of socks, mufflers, wristlets, vests, etc., which must be filled by October 1st amounts to nearly \$900.

All who take part in the program are doing their bit and have worked unselfishly to make the program a success. They hope to be received by a large and patriotic audience. It is their desire to raise part of that \$900 for the Knitting committee.

Help them, do your bit, give liberally to this worthy cause. Remember you are helping your own boys at the front.

The Misses Irene Brockway, Gertrude and Alice Smith and Lillian Irwin have been appointed to collect the silver donations. They will wear the Red Cross costumes. There will be great competition among the girls to see which will bring in the largest amount.

Hicks-Guilmont

Yesterday afternoon at 4 o'clock occurred a simple but very pretty wedding at the Methodist parsonage when Arthur John Hicks and Margaret M. Guilmont, both of Pillager, were united in the holy bonds of matrimony. The ceremony took place before a bridal altar constructed for the occasion. Rev. F. W. Hill, pastor of the Brainerd Methodist Church, officiating.

The groom is the son of Mr. and Mrs. J. C. Hicks, prosperous farmers near Pillager, Minnesota. He is one of the young men who have been drafted by the Government and expects about September 5th to be called to go to the front to fight for his country in the European war.

The bride was attired in a beautiful gown of white silk crepe de chine. She is the daughter of Mr. and Mrs. Eli Guilmont of Des Moines, Iowa, but has made her home for some years with Mr. and Mrs. E. S. Stuntz of Pillager.

The young couple after a short wedding trip will be at home to their many friends on their farm near Pillager. Heartiest congratulations and best wishes go with them.

Two afternoons, Wednesday, Sept. 5, and Saturday, Sept. 8, will be devoted to thrilling automobile races at the Minnesota State Fair this year and lovers of the sensational sport look for the greatest racing ever seen on the big dirt track.

Prizes amounting to \$10,500 have been offered to the speed demons this year and many of the best known drivers in the country are expected to participate in the races.

An effort was made at the state fair last year to hold a mid-week program of races, but the weather interfered with the plans and only the Saturday events were held. These, however, proved intensely interesting and the thousands who attended were given plenty of excitement and some rare sport. This year, it is hoped that the weather will not cause an alteration of plans.

Although the complete program and list of drivers who are to take part have not been announced, race fans are assured of the best in the game, as the state fair management will make every effort to secure drivers who will lower the existing records if that is possible.

THRILLING AUTO RACES AT STATE FAIR

Two Days Will Be Turned Over to Dare-devil Demons of Dirt Track at State Fair—Prizes Amounting to \$10,000 to Be Awarded.

MORE ROOM FOR AUTOS

Additional Space Is Provided for Automobile Show at Fair—Great Races Planned.

Extensive alterations have been made during the summer in the big show room for automobiles at the Minnesota State Fair and there is every indication that the 1917 automobile show, to be held during fair week, Sept. 3 to 8, will not only be one of the biggest and most attractive features of the fair, but that it will be the best auto display ever put on there.

For several years the automobile exhibitors have been somewhat cramped for room. The display each succeeding year has been more comprehensive and it has finally become necessary for the board of managers of the fair to provide additional space.

The ground floor of the big grandstand building, in which the show has been held since that structure was erected, has also been used as headquarters for the Public Safety Department. It was found that by providing another location for the police station the desired space could be given to the automobile exhibitors. This has been done and the partition which separated the two departments has been torn down, the front of the big building has been remodeled and this has resulted in a vast improvement.

According to Rud Stensvad, assistant superintendent of the automobile show, the demand for space this year has exceeded the fondest expectations of those in charge. All of last year's exhibitors are expected to again show and in addition there will be a number of new ones.

Extensive plans have been made for decorations for the automobile show room, red, white and blue being the colors adopted. With the big room appropriately dressed up for the occasion and the large number of attractive cars on exhibition the scene will be a brilliant one.

Not only will auto enthusiasts be interested in the display of cars at the fair, however, for, as has been the case in recent years, many of them will go to the fair to kill two birds with one stone, so to speak. The automobile speed program promises to be more attractive than ever this year.

So successful have the state fair auto races proved during the past few years that the management has this year provided two days of racing instead of one. Both Wednesday and Saturday will be devoted to the speed demons who will strive to slash existing records.

BIG MILK CONTEST

Great Interest in Novel Feature at State Fair.

Officials of the Minnesota Dairy and Food Department look for a most interesting milk contest to be held in the Dairy building at the Minnesota State Fair this year. M. J. Smisek, who will have charge of the food exhibit, of which the milk contest will be a part, is of the opinion that this year's contest will be better than in 1916.

LICENSE SYSTEM IS ESTABLISHED

President Tightens Control of All Exports.

AFFECTS NEUTRAL NATIONS

One of Government's First Intentions Will Be to See That No American Products Are Made Occasion of Benefit to Enemy, Either Directly or Indirectly.

Washington, Aug. 28.—President Wilson tightened the government's control of exports by issuing an order forbidding the shipments of any goods to European neutral countries except under license and by extending the lists for which license is required in shipments to the allies and neutrals other than European countries to include cotton, all meats, sugar and most of America's other export commodities.

In a statement accompanying his proclamation the president said one of the first intentions of the government will be to see that no American products are made "the occasion of benefit to the enemy, either directly or indirectly."

Officials interpreted the order as forecasting a vigorous use of the export control as a war weapon and a policy of the strictest rationing of countries contiguous to Germany.

Supersedes British Plan.

Exports to Germany and her allies are formally prohibited also by the president's order and this is understood to mean that the export control is about to supersede the British system of giving letters of assurance for American cargoes.

The problem of conserving the huge store of gold accumulated by the United States since 1914, which has been vexing federal reserve board and treasury officials somewhat of late, is believed to have been met in part by the addition of gold bullion, currency and evidences of indebtedness to the list of commodities requiring licenses for export.

Regulations for the licensing will be promulgated by the secretary of the treasury and enforcement probably will be placed in the hands of treasury employees.

MEETING MAY BE STOPPED

Minnesota Governor Sends Instructions to County Sheriff.

St. Paul, Aug. 28.—Instructions to prevent the holding of the proposed conference of the People's Peace Council of America in Minneapolis, Sept. 1, if the meeting will "tend to injure the government," were sent to Sheriff Otto Langum of Hennepin county by Governor J. A. A. Burnquist.

The governor's telegram declared that futile peace talk will aid the enemy and ordered the sheriff to summon all forces needed to enforce the law. The telegram read, in part:

"My attention has been directed to a so called peace council to be held in Minneapolis beginning Sept. 1, 1917. If the said meeting will in any way tend to injure the government in the prosecution of the war or disturb the peace within the city of Minneapolis you are hereby ordered to prevent the holding thereof."

SEEKS CLEAR DEFINITION

President Uncertain on Food Control and Defense Acts.

Washington, Aug. 28.—An interpretation of existing laws which will define clearly the government's power to keep war prices down has been asked of Attorney General Gregory by President Wilson. The president particularly wishes to know how far the government can go under the food control and the national defense acts.

The defense act authorized the executive in time of war or other national emergency to commandeer supplies at fair prices, but doubt has existed as to whether the law vests in him power to force producers to sell to the allies and to the general public at the same figures obtained by the government.

WHEAT ACREAGE INCREASE

Experts From Eight Western States Promise Results.

Spokane, Wash., Aug. 28.—Experts from eight Western states reported at the department of agriculture conference here that the required increase of winter wheat acreage under the government war program can be furnished.

Dr. R. A. Pearson, assistant secretary of agriculture, presided.

Summarizing the conference Dr. Pearson said that weather conditions and getting seed wheat present the only obstacles.

GRADUATION AT WEST POINT

West Point, Aug. 28.—One hundred and fifty-two cadets of the class of 1918 will be graduated at the military academy Thursday morning. This is the second time within five months that West Point has sent out a class of newly made officers for the army. The class of 1917 graduated in April last.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy;

take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone;

makes a delightful effervescent tisane water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

DUE TO STRIKE IN SILESIA

German Production of Coal Cut Millions Last Month.

Copenhagen, Aug. 28.—Strikes of miners in Silesia last month reduced the German production of coal by more than 1,000,000 tons, according to statements made in the debate in the reichstag main committee on the fuel problem. Vice Chancellor Helferich gave an urgent and earnest warning against further strikes.

The gravity of the situation is shown by the seriously considered proposal to restrict the production of iron, although this is needed for munitions.

SIXTY ARE UNDER ARREST

Thirty More Germans Taken in One South Dakota County.

Yankton, S. D., Aug. 28.—Thirty Germans arrested near Tripp, Hutchinson county, for alleged violation of the espionage act, were brought here in custody of federal officers. The men are charged with having signed a petition to Governor Norbeck protesting against the draft and the war. These arrests bring the total number of Germans taken by federal authorities in Hutchinson county since Aug. 14, charged with violating the espionage act, up to sixty.

RUSSIAN FACTORIES BURN

Hundreds and Twenty Persons Killed or Injured.

Petrograd, Aug. 28.—Three factories in the southeastern portion of the city were burned as a result of an explosion. One hundred and twenty persons were killed or injured.

The entire militia, which has been employed since the revolution to police Petrograd, resigned on account of the refusal of a demand for an increase in pay.

New York, Aug. 28.—Shirtmakers of New York and vicinity will begin work soon upon one of the largest orders ever given in the history of the country. The order, which calls for 500,000 dozen shirts for the men of the navy and army, means the employment of 10,000 persons from now until Dec. 1, when it must be completed.

COLLEGE PAPERS MAY QUIT

High Cost of Printing Materials Hits Harvard Publications.

Boston, Aug. 28.—The high cost of materials is going to put a number of the Harvard college student publications out of business.

The Harvard Illustrated, which for more than ten years has been issued every two weeks, is without a home and may suspend publication.

The Harvard Lampoon, the comic paper, and the Harvard Crimson, the daily newspaper, may raise their subscription rates. Two other magazines, the Advocate and Month, are on the uncertain list.

Courtesy In War.

An act of chivalrous courtesy in war was that of the French cavalry commander at El Bodon in 1811. When in the act of striking down Felton Harvey of the Fourteenth British dragoons the Frenchman "perceived he had only one arm and with a rapid change brought down his sword to the salute and passed on."—London Globe.

RESISTANCE IS BREAKING DOWN

Italians Are Steadily Overcoming Austrians.

TEUTONS BRING UP RESERVES

Rome War Office is Silent as to Actual Progress Made by General Cadorna, Probably Desiring to Conceal From Enemy Exact Objectives It Has in View.

London, Aug. 28.—Somewhat slowly, but nevertheless surely, the Italians are breaking down the resistance of the Austrians in the region around Monte Santo, north of Gorizia, and making their way eastward toward the border of Upper Carniola.

In their endeavor to hold back the Italians the Austrians have brought to this sector large numbers of fresh men and at last reports the fighting was most intense, but with the Italians having overcome the resistance of the Austrians at various points.

Virtually nothing is being vouchsafed in the Italian official communications which even approximately records the advanced General Cadorna's men have made since they began their offensive from the region of Tolmino to the sea, the Italian war office probably desiring to conceal from the enemy the exact objectives it has in view.

On the front in France the Germans have been throwing counter attacks against the French line in the region of Verdun, but not only have the forces of General Petain maintained their gains in their entirety, but have taken more than 1,100 additional prisoners.

Crown Prince's Attacks Fall.

Likewise on the Aisne front the German crown prince is keeping up his offensive against the French, but here also the attempts met with complete failure.

Along the front held by the British the operations scarcely have risen above the character of trench raids, although on various sectors vigorous artillery duels are in progress.

The Berlin war office reports the capture of Russian positions near Jastobart, between Riga and Dvinsk, on the northern Russian front, but makes no mention of a resumption of the operations begun last week east of Riga.

In Roumania the Russo-Roumanian forces still are holding their own against the invaders, having retaken height positions northwest of Soeveia, which the Germans captured last week. On the Fokshani sector Field Marshal von Mackensen's forces seemingly have been unable to make further advances owing to the stiffening in the line of defenders.

HEADED BY ST. PAUL MAN

Red Cross Sends Mission for Relief Work in Serbia.

Washington, Aug. 28.—The war council of the American Red Cross announces the sending of a commission to Serbia to begin immediately relief work in that stricken country and to help its scattered population in the struggle against privation and disease. Two hundred thousand dollars has been appropriated by the war council to buy medical and other supplies for use among refugees on the Macedonian front.

Cordenio Arnold Severance, an eminent lawyer of St. Paul, Minn., heads the mission as commissioner.

The fifth of the Red Cross commissions goes to study a problem acknowledged as one of the most formidable in Europe. There is hardly a family in Serbia that has not been uprooted and torn from its home and none that has not lost some member on the battlefield.

AGED STARVE IN GERMANY

Passengers Declare All Possible Food Is Confiscated for Army.

New York, Aug. 28.—Food conditions in Germany have reached such a critical stage that the aged and infirm are on the verge of starvation, according to passengers on a Scandinavian liner.

So determined are German officials that the true state of affairs shall not become known that people planning to leave are forced to spend several weeks in seclusion before leaving.

Efficiency of domineering military caste results in the shipment to the front of all eatables that can be confiscated, the passengers said.

PERSHING CREATES BOARD

Paris, Aug. 28.—Major General Pershing, commanding the American expeditionary forces, has just issued a general order creating a general purchasing board in Paris.

The purchasing agent is the representative of the commander-in-chief, acting with various allied purchasing agencies, and will co-ordinate and supervise all of the purchasing agents of the American forces.

Home-Reading Course For Our Citizen-Soldiers

(Issued by the War Department and all rights to reprint reserved)

This course of thirty daily lessons is offered to the men selected for service in the National Army as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this Course is merely introductory.

LESSON NO. 12

TEAMWORK IN THE ARMY.

(PRECEDING LESSONS—1. Your Post of Honor. 2. Making Good as a Soldier. 3. Nine Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health. 8. Marching and Care of Feet. 9. Your Equipment and Arms. 10. Recreation in Camp. 11. Playing the Game.)

Responsibility Always Fixed Within each rank, from major general to private, every man has his individual ranking, depending upon his length of service in the office which he holds. This ranking insures that in every situation somebody always has authority and is responsible for whatever is done. Even if two privates soldiers are working together without supervision, the one who has been longer in the service takes charge and the other must obey his orders. This rule applies everywhere.

In civilian life there is time for argument. You may have better ideas than your boss about how a certain thing should be done and possibly may convince him and get his original orders changed. In army life nothing of this kind can be repeated. The officer in charge always has the full responsibility.

Whatever orders he gives must be instantly obeyed. It is far better to take action, even though the thing may not be done in the best possible way, than it is to stand still and debate. Lack of immediate action in the crisis of a battle might mean that the army would be defeated, thousands of lives lost, and possibly the honor of the country stained.

If the course were to stop just at this point, it might leave in your mind a false impression. For after all, the soldier is not an individual player in the great game of war; he is valuable chiefly as a member of a team. It is a team of enormous size. It is organized in rather a complicated way. This team we call the army.

Your army life will be more interesting if you know in a general way how the team is organized. This will enable you to see more clearly where you fit in and what is expected of you.

If you have been working for a business concern, you are already familiar with many of the elements of army organization. You have been in touch with the same things under different names.

Need for Teamwork.

In a factory or store or office—wherever large numbers of people are working together—there is almost always some one in direct charge of each group of workers. This person may be called a foreman in the shop, a chief clerk in an office, or by any one of a number of other titles; in the army we call him a corporal or a sergeant. Going up a step, you know that in every large concern there are numerous officers who take charge of various departments of the business such as the superintendent, the traffic manager, the advertising manager, the sales manager, the secretary, the vice president, and so on; in the army we call the men in corresponding positions captains, majors, colonels, and generals. Finally, you have at the top of the business concern a president or a general manager who directs everything; in the army he is a commanding general.

Success in Winning Victories Success in winning victories is the object for which the army exists. Is anything nothing else counts. Every officer and every soldier must be ready to make any sacrifice, big or little, to accomplish this object. An officer may spend years in working out solutions to military problems, only to find in the end that all the credit for what he has done is swallowed up in the general reputation of the army. If this proves to be the case, he has no cause for complaint. It is the rule of the army that everything must be done "for the good of the service."

In the same way you may be called upon to carry through some dangerous mission or to perform unpleasant duties. Every such call is an opportunity to show your loyalty to the service and to the nation. Remember in all these cases that hundreds of thousands of other men in the army from top to bottom, like yourself are working first and all the time for the success of the team.

This general likeness between business organization and army organization is helpful, but must not be carried too far. There is one vital difference: The average business concern is somewhat easy-going; the responsibility for each piece of work is not always definitely fixed. In the army everybody, on the other hand, is held to the strictest account. There is very seldom any doubt as to the man to be held responsible for each task.

In the same way you may be called upon to carry through some dangerous mission or to perform unpleasant duties. Every such call is an opportunity to show your loyalty to the service and to the nation. Remember in all these cases that hundreds of thousands of other men in the army from top to bottom, like yourself are working first and all the time for the success of the team.

It is unmanly the army with the strongest team spirit that fights its way through to victory. Try to cultivate that spirit in the National army, both in yourself and among your comrades.

CROW WING COUNTY FAIR PARTY COMING

Boosters Headed by Secretary A. C. Larson of Pequot to Visit Brainerd Aug. 30

WILL ALSO TOUR THE RANGE

Twenty to Thirty Automobiles Coming, County Fair to Eclipse all Previous Efforts

A party of county fair boosters, headed by A. C. Larson, of Pequot, secretary of the association, will be in Brainerd Thursday evening, August 30 on their tour of the county advertising the county fair.

They would like to meet business men and all interested in the county fair and it is urged that there be a good delegation at the Chamber of Commerce rooms at 7:30 p. m. to meet them.

The party will make a tour of the range towns and will stop in Brainerd, the county seat for an hour or more on their return trip. They will have from twenty to thirty automobiles and come loaded to the brim with enthusiasm and "pep" in the interests of the fair, which it is anticipated this year will eclipse all previous efforts of the association.

Come out and give the delegation a welcome and encouragement.

The Crow Wing county fair will be held Sept. 19 to 21 at Pequot.

GIVEN VACATION WITHOUT PAY

Cleveland, Aug. 28—Connie Mack sent "Bullet" Joe Bush home to Brainerd, Minn., today.

"I'm through with him," said Mack. Mack said the pitcher would not keep in training—hadn't during the whole season. He suspended Bush without pay for the rest of the season.

The Indians drove "Bullet" Joe to cover in the fifth inning Wednesday with seven hits and six runs.

Obituary

Yesterday afternoon at 2 o'clock at the home of Mr. and Mrs. Lev Bailey of Crow Wing occurred the funeral service of their beautiful, little granddaughter, Olive Josephine Swartout. The service was conducted by Rev. F. W. Hill of Brainerd who took as his text Isaiah 11:6, "And a little child shall lead them." Appropriate words of comfort were spoken. The songs sweetly sung were "Safe in the Arms of Jesus," "A Little Child Shall Lead Them," and "When He Cometh to Make up His Jewels."

Little Olive Josephine Swartout, the beloved little daughter of Mr. and Mrs. Stephene Swartout was born October 16th, 1913, a little less than four years ago at Palisade, Minn. For nearly four years she made bright and happy not only the home of her parents but also the home of her grandparents. She was a child of unusual attractiveness. Last Tuesday evening she was taken ill with a severe attack of cholera infantum and after several days of suffering, the end came Saturday morning at 2 p. m., August 25th, 1917.

At the close of the service the little casket, preceded by the pastor, and grandfather, was carried by four of the neighbors, Wm. Jack, Rex Hodge, Sam Clary and W. H. Donahue, followed by relatives, neighbors and friends, to its final resting place in Oaklawn cemetery near by.

After the touching committal service the loved ones returned to their home leaving behind them all that was mortal of one who had been so much loved by all who knew her.

DAGGETT BROOK

Everything is lovely out in Daggett Brook.

Gregor Campbell and James Engelhart returned from the wild west for a few weeks visit at their homes and during that time they expect to assure their many friends that they are still alive.

Veronica Fruth is leaving Saturday for a nurses training school in Duluth.

Is it true that somebody heard wedding bells in this part of the world Sunday afternoon?

There was a crowd of about twenty-five young people at Fallon's Sunday evening. Somebody brought a fiddle and you can imagine the rest.

The schools will soon start, which means some more smiling faces added to the country. Good.

OH JOHNNIE.

MORE WASTE PAPER

Chamber of Commerce Committee Disposes of Another Car Lot for September 15

Another car lot of waste paper has been sold by the Chamber of Commerce committee, but delivery must be made by the 15th of September in order to secure the prices at which the last car lot was sold.

All who wish to ship with this car lot are urged to advise the secretary at once in order that an estimate may be made and the contract of sale closed.

Save your old newspapers, magazines, books, paper boxes, etc. and join the rapidly increasing "army" of conservationists in Brainerd. Church societies, lodges, individuals, business houses, all are invited to participate in this community saving plan. The small shipper secures the low freight rate and the same service as the large one. Notify the secretary at once and advise him about what amount you can ship by September 15.

It requires 14 tons to make up a car shipment and to make it worth while.

Belated Elks Picnic Returns

Gust Fahlstrom, of Crosby, poet of the north Cuyuna iron range, composed some verses on the deck of a Ford which were read to the company assembled in the grove and they made a big hit when sung.

"Shorty" Rochon, Ed Follo, Robert Stevens, Pat Sullivan of Riverton, and Pat Carey came from Crosby in a car.

Gust A. Oberg brought in a Deerwood party.

J. A. Stetson and wife, Mr. and Mrs. Harland Stetson came from Deerwood.

A spark plug of H. J. Hage of Minneapolis refused to operate and they hung up for a time on a hill.

Mr. and Mrs. Robert Striegel, Mr. and Mrs. P. N. Haughtelin came from Crosby.

Mr. and Mrs. Julius Jetka, Mrs. George Gorton, Mrs. Henry Guerin, Miss Rothwell came from Little Falls.

CUYUNA ORE DOWN RIVER TO ST. LOUIS

St. Paul, Minn., Aug. 27—The government steamer Nokomis, with six barges loaded with iron ore from the Cuyuna range in tow, left St. Paul today for St. Louis. The ore cargo, which is the first shipment of the sort to be shipped down the Mississippi, comprises 3,200 tons, valued at \$14,000.

BRAINERD'S ODDEST STORIES OF TODAY

The engine balked and the started refused to start it.

"Some more gasoline full of water," said Joe Raymond of Deerwood.

"Those picnics like last Sunday are all right," said a Brainerd garage man. "It makes business for the garages."

In Municipal Court

Frank Verkennes and Thomas Verkennes, charged with stealing wood, had a hearing in municipal court before Judge Walter F. Wiesland. Both were found guilty. Frank, aged 15, was sentenced to pay \$5 fine and sentence was suspended. Thomas was fined \$5 which he paid.

B. Myers, charged with eluding his board bill contracted at the boarding house of Chauncey Clark, near Gull lake, had his case dismissed on condition he leave town and he left.

Frank Lund, charged with keeping insanitary premises, had a hearing in the municipal court. The complaint was brought by Sanitary Police Officer B. E. Koecher.

THIRD MINNESOTA LEAVES

Regiment Now on Its Way to Camp Cody, N. M.

St. Paul, Aug. 28—"Goodby! We're on our way to get the kniser."

This was the farewell greeting of members of the Third Minnesota Infantry to St. Paul as they departed from the Union depot for Camp Cody, Deming, N. M., where they will undergo strenuous training preparatory to being placed on the battle line "somewhere in France."

Three special trains carried the soldiers out of St. Paul. It is expected that it will take four days to reach the camp.

RANKS, TITLES IN RED CROSS

Henry P. Davison as Chairman of the War Council of the American Red Cross authorizes the following:

The War Department has authorized certain military ranks and titles to be conferred upon officers and representatives of the Red Cross, when they have occasion to go into foreign theatres of war.

The plan has been adopted because under the abnormal conditions now prevailing in Europe, actual experience has shown this necessary.

These military ranks are in effect exceptional passports giving Red Cross officers working in the theatre of war, unquestioned opportunity to move about freely and thus to perform their functions.

The War Department authorizes no officer or representative of the Red Cross to utilize any military rank or title in the United States. Such commissions, even in the theatre of war, will carry no pay, and all rights, privileges or military rank conferred on any Red Cross representatives as such, will expire immediately upon his leaving either the theatre of war or Red Cross service.

Nothing in this plan changes the character or status of the American Red Cross, its officers or any of its members.

The American Red Cross is distinctly a non-combatant, civilian organization. Its character as such will be jealously guarded as one of its greatest assets, and it is the policy of the Red Cross to discourage assumption by its representatives of any relationship or activity which does not harmonize absolutely with its distinctively civilian character.

BUYS LITTLE FALLS SALOON

(Little Falls Transcript)

The Monahan saloon, which has been owned by Mrs. Jess Monahan for a couple of months, has been sold to J. McManus of Deerwood. An application for transfer of the license is published in the Transcript today and the hearing before the council is set for Sept. 7. Mr. McManus will not take possession until the transfer is made.

Black Gingerbread.

A delicious old recipe for black gingerbread calls for two cupsful of Porto Rico molasses, one cupful of shortening, one of boiling water, one egg, a tablespoonful of soda, a tablespoonful of ginger and flour enough to make a fairly stiff dough. Pour the boiling water over the soda, add it to the shortening and stir in the molasses. Sift the ginger with a cupful of flour and mix that in also; then add about three more cupfuls of flour or enough to make a batter that can be easily stirred. For a ginger cake without eggs use a cupful of shortening, a cupful of boiling water, two of molasses, three and a half of sifted flour, and a tablespoonful of soda and one of ginger.

CLAM HUNTERS FIND PEARLS

Mississippi River near Bridge at Ft. Ripley Being Fished for Clams by Them

PEARLS VALUED AT \$5 TO \$15

Flat Boats Used are Equipped with Side Rails. Lines Attached are Hooked for Clams

Several clam hunters are camped on the banks of the Mississippi river near the bridge at Ft. Ripley.

They come from the southern part of the state and will spend the balance of the summer there gathering clam shells for shipment to the button factories.

Visitors at the camp Sunday found that the clam hunters had already gathered many shells and had also found several pearls in the clams.

The pearls range in value from \$5 to \$15 each.

The method of gathering the clams is a novel one. Flat boats are equipped with side rails and these rails have many lines attached, each line carrying a small steel hook. These hooks are dragged along the river bottom and as they pass along the clams attach themselves to the hooks.

Edward Ellis Who Plays the Lead in Coming Apollo Art Dramas Release, Has Fame in Two Fields

It is seldom that an actor can step out of his chosen field and win distinction in an entirely different one. That is just what Edward Ellis, who plays the part of Ridin in "The Law That Failed," an unusual and dramatic Art Dramas release to be seen at Best Theatre tomorrow, has done.

When Holbrook Blinn presented his unusual program of plays at the Princess Theatre, New York, one of the pieces which attracted most attention was "Any Night," a problem play which dealt with the question of social morality. Mr. Ellis was the author of this.

The character is also known for his characterization of "Blackie Daw" in the stage version of "Get-Rich-Quick Wallingford," which role he created. His versatility and dynamic

The Beauty of Our Fall and Winter Suits Will Appeal to You

And, by the way, isn't this delightful suit weather? Nor is this the last of it, Minnesota's falls almost require a suit. They are so long and cool.

Our stocks of suits is the most complete that it will be during the entire season. A selection made today will give you the choice of our selection for a shipment to-day brought in the last of those purchased by our buyers on their recent purchasing trip. Come in tomorrow and see this newness.

THIS war is awakening men to the truth about a lot of things besides Preparedness—and chewing tobacco is one of them. Soldiers are strong for W-B Cut and the facts are right before you. These shreds are all tobacco, no gummy sweetening—rich tobacco—more sap in the leaf than in ordinary tobacco by a long shot. That's why it's so satisfying and so economical—a little bite goes a long way.

Bodily Housekeeping

(BY V. M. PIERCE, M. D.)

The subject of drinking water with meals has been misunderstood for a hundred years.

In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutzner, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary in good bodily housekeeping. Drink plenty of water with each meal. Do not drink ice-water at any time.

If your kidneys are sick, or you suffer from lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. This can be found at any good drug store. Therefore my advice to young or old is, always drink plenty of pure water. And for long life, occasionally take tablets of Anuric three or four times a day.

It is simply wonderful how quickly Anuric acts—much more potent than Lithia. You will find it dissolves uric acid as water does sugar.

SUFFERED SEVERE PAINS.

Mankato, Minn.—"About four years ago I became all run-down and weak thru hard work. I could not eat, was bilious all the time, suffered severe pains in the back, in fact was distressed all over. I had several good doctors but did not get any relief. I went on suffering this way for about two years when my sister advised me to try Dr. Pierce's Favorite Prescription, which I did, and three bottles completely cured me. I have never been bothered since. There is nothing better for women who are run-down or suffering with weakness of any sort."—Miss GEORGETTE E. EVANS, 325 Belgrade Ave.

Washington, Aug. 28.—[Special.]—If the German spies in this country are doing their duty, then the German government must be informed of the mighty preparations which the United States is making for the war. It would not require any sleuthing to get the information. They could go to the movies and read the orders in the official publications and learn enough to know that this government is going into the war seriously and with a full understanding as to what it means.

Why, if they should simply consider that we propose to spend \$20,000,000 the very first year they might get an idea of the manner in which the United States makes war. Perhaps there may be German spies who figure out that a fair proportion of this great sum will be grafted, but even so there will be enough legitimately spent to mean a great armament.

All Over the Country.

All over the country there is preparation for war. In every part of the nation men are assembling, having been called to war by the conscription act. In many sections of the country there are cantonments being erected, and soon soldiers will be marched to them, either willingly or unwillingly. Already officers in uniforms are there, and with new, glittering emblems of promotion, they are organizing the raw levies and endeavoring to make them fighting men.

In Washington there are thousands of employees who were not here a year ago who are helping to organize for the war. In every direction there is evidence of preparation for a great war.

Out in the Harvest.

Possibly the senators and representatives who have not been in evidence in Washington for quite a long time are out helping in the harvest. Kenyon of Iowa mentioned to Thompson of Kansas about the crops in Iowa, speaking particularly of corn.

"I wish we could adjourn and get out in the fields and help harvest the crops," said Thompson.

"Did you ever follow a wagon and huck corn?" he was asked.

"Yes, and I had to huck the down row," he replied. "But it is better than binding."

"I can bind wheat," said Kenyon.

"So can I," replied Thompson. "I can twist those grain things and tie up the bundles."

And they kept chipping and chipping as to what they could do on the farm. But no one really believes congressmen are working out on the farm.

Senate Occupation.

The wine schedule came up in the revenue bill, and some one asked that it be postponed on account of the absence of the senator from California, Phelan.

"Is he absent on business?" asked Penrose, who always likes to take a dip at Phelan, "or is he attending the boxing match on the Mall, which takes place today?"

A little later Phelan was in the senate, and after speaking some time the quorum disappeared. "Perhaps," said Phelan, "the absence of the senator from Pennsylvania can be explained by the boxing match. I saw him going in that direction as I came to the capitol."

Bonds or Greenbacks.

There are people who assert that the government might just as well issue greenbacks by the billion as interest bearing bonds. Both are obligations, both inflate the currency, and both must be redeemed. But interest must be paid on the bonds, and they must be sold. As to the greenbacks, no interest is paid, and the people have to take them for all debts, public and private.

But there is quite a deep seated prejudice against issuing compulsory paper obligations until there are dire necessities.

Public Utilities.

Every time a law is passed which gives the federal government control of some particular utility it is asserted that the action is a war necessity, and for the most part the life of such laws is for the duration of the war. But the possibility is always present that the government administration of public utilities will be so satisfactory that the people will turn to government ownership in earnest.

A Good Manager.

Billings, Mont., Aug. 29.—Arthur Mullens, Democratic national committee man from Nebraska, who passed through here en route to the Yellowstone National park, predicts five years more of war. He has just returned from Washington, where he says administration officials expect a long struggle.

He has just returned from Washington, where he says administration officials expect a long struggle. He is a good manager because he has a bill which commands a majority of the senate, and he can put it through.

No Effort to Conceal Tremendous Operations on Land and Sea—Senators Kenyon and Thompson Talk of Crops. Opposition to Issuing Greenbacks in Place of Bonds.
